

## NEW TAILOR SUITS.

Olive Harper Tells How You Can Make One Yourself.

Special Correspondence of The Florida Star.

NEW YORK, Aug. 28.—Blessings on the man that invented tailor suits for women, for they fill a place in the woman's wardrobe that nothing else can. They afford a way for a woman to dress with all the severity that she likes to show when out in the street, and yet she has the comforting assurance that she is so well dressed that no one could pick a flaw in her attire, for it fits like the paper on the wall, and it is also well and finely made, and the material must of necessity be of excellent quality, or else a tailor gown could not be made of it.

Heretofore the tailor gowns were almost all of rather sombre colors or black, and the lines were all rigid, and nothing not made of wool was considered right; but all that has undergone quite a radical change, since the very lightest of the broadcloths and Venetians and sometimes other woolen or silk and wools are used, and now there are some beautiful tailor suits of black peau de sole, and I have even seen two suits of satin duchesse.

But the tailor suits of peau de sole are far more elegant, because the satin is rather too brilliant for the purpose. In England this silk is considered the most perfect of all kinds, and in some of our first class houses I have seen three or four suits of peau de sole, and all very rich, unobtrusive, but beautiful. One has been named for "Our Consuelo," and the other principal style was named for Lady Curzon.

The American silk is considered the best for use in these suits as it has better wearing qualities and does not crack or grow shining with a little wear. And no one can complain that our silks are less beautiful than those from other countries, for they are in every way the equal in appearance, and wear better because not weighted so with glucose. Many other things, such as zinc and tin and lead, as well as the sugary products are employed to give richness and weight to the most of the foreign silks, but they do not wear half as well as our own makes, therefore all who intend having a tailor suit of black silk should make a point of demanding domestic silk.

The Consuelo suit has the skirt made with the most rigid simplicity, and lined with haircloth, and the seams down the front sewn in with featherbone, to keep them stiff and straight. The facing is of bias velvet, and this is allowed to show, just the least little bit in the world.

The dress of which I speak has no opening or pocket in front, and is quite full in the back at the waist line, where it may be laid in folds or gathers.

The coat in the suit mentioned has a very short postillion in the back, and the jacket rounds off to it. In front it is finished in true tailor style and has revers and a collar, and this, I find is made so that it can be worn up or down, as the lady owner may wish. The sleeves are rather close coat shape, and have deep turned up cuffs.

The whole coat is lined with the same and the revers and collar are overlaid with the lace. This jacket, or coat is so arranged that it can be worn open or closed, and it therefore requires a vest. This may be anything that the lady likes best, but the unities would demand a vest front of white silk or satin, full or snug, or it could be worn over a regular waist, and along the edges of this were rows of this embroidery, one on each side of the seams. It buttoned from top to bottom with tiny gold buttons. The collar and deep cuff, as well as the shape, gave a faint reminder of the Louis somebody style. I may remark that the whole coat was as stiff as featherbone and buckram could make it. The skirt is as plain as hands can bring it, and in that lies the style.

The illustration shows how some of the cloth and Venetian suits are made, and the difference between the way they are designed and the silk suits is very small.

OLIVE HARPER.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, O.  
Sold by druggists, 75c.  
Hall's Family Pills are the best.

## Whiskey and Cards.

Gainesville News: Eighty per cent. of the killings that occur around the turpentine and phosphate camps in Florida would not occur if whiskey and playing cards could be kept out of the camps. As we have said before, at least 80 per cent. of the killings among our whites are caused by drink, and 80 per cent. among the blacks by card playing.

## A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses, and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'no.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." For sale by Wilson & Son.

Germany believes the next step in China is the capture of the fugitive ruler.

## The Most Fatal Disease.

More adults die of kidney trouble than of any other disease. When the first symptoms of this disease appear, no time should be lost in taking Foley's Kidney Cure, which is guaranteed or money refunded. 50-51.00 Wilson & Son.

Joseph Rabiner, who shot and killed his brother-in-law and wounded his father and himself at Rockaway, Beach is dead.

## Sick Headache

is the bane of woman. What is wanted is not relief alone, but relief and cure. Dr. Loyal Ford's Dyspepticide will cure sick headache for all time. It makes the stomach right. Wilson & Son.

Representative of the Shah of Persia says in New York that the date for Russia's move on India has been practically set.

## Dyspepticide

expels the noxious germs of dyspepsia from the system, absolutely cures the disease and causes the stomach to furnish healthy blood for tissue and nerve building. Dyspepticide thus differs from other remedies. Wilson & Son.

A negro teacher in Kansas City is accused of luring houses in fashionable districts for the purpose of making the white people buy them at advanced prices.

Chinese are dangerous enemies, for they are treacherous. That's why all counterfeits of DeWitt's Witch Hazel are dangerous. They look like DeWitt's, but instead of the all-healing witch hazel they all contain ingredients liable to irritate the skin and cause blood poisoning. For piles, injuries and skin diseases use the original and genuine DeWitt's Witch Hazel Salve. Wilson & Son.

Decision of a Nome City United States commissioner takes a strip of the beach from the poor miners and gives it to big corporations. The decision will be contested.

## ECZEMA, ITCHING HUMORS, PIMPLES

-CURED BY B. B. B.

Bottle Free to Sufferers.

Bears the Signature of *Castoria*

## SORES and Ulcers

**DRAIN THE SYSTEM, ENDANGER LIFE.**

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but **never** if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure. S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

## A Gunshot Wound.

"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It developed into a running sore and gave me a great deal of pain. I was treated by many doctors, and took a number of blood remedies, but none did me any good. I had heard S. S. S. highly recommended and concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of my blood; soon afterwards the sore healed up and was cured sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time. J. H. McBRAYER, Lawrenceburg, Ky."

S. S. S. is the only purely vegetable blood purifier known; is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually clears the blood of all morbid, unhealthy humors, and the old, troublesome sore heals. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made blood diseases a life study. If you will write them about your case, they will gladly furnish all information or advice wanted, without any charge whatever.
